

## LIBERTYS BAR FIRE

**CLIENT:** PRIVATE CLIENT

**SECTOR:** LEISURE

**LOCATION:** NOTTINGHAM

**VALUE:** c.£1.2m

**DATE:** 2010 ongoing

**This scheme is currently ongoing following a serious fire in the roof of these bar premises in the centre of Nottingham in September 2009.**

We approached the owner of the property having heard about the fire in the local press and met with him to explain how we could advise him.

Following our appointment, we have since carried out a detailed survey of the extensively damaged building and produced a full schedule of repairs and accompanying AutoCAD drawings.

The contract is currently out to tender and our work is ongoing.
